Quality Printing

You are sure of getting the right kind of Printing if you go to a shop with a quality reputation.

The right kind of printing work must be quality—not necessarily the most expensive kind of printing, but mechanically right, which means that expert practical printers, men of experience, whose judgment can be relied upon, must do your work.

We have gained the reputation for doing quality printing, because of the efficiency of our plant. We have both the machines and expert printers, as well as a quality reputation to maintain.

It will not obligate you in the least, if you ask us to call and talk your printing problems over.

Subject: LISTS.

In Directory publishing it is shown that 70% of the people shift their address in twelve months. That is, people going to and leaving the city and removing in the city to new locations.

The failure to deliver first-class mail is shown by the postal records to be more than 6% in a year, notwithstanding the aid of the letter carriers who are always on the alert to ascertain the whereabouts of those who move.

Some list makers do not buy all Directories published, and even some of the larger ones only every other edition.

That is why we are making lists.

We keep the last edition of every Directory and make the list fresh every time it is sold. We have the small as well as the big Directories, which gives you the added advantage of circularizing the people in the small cities, who are known to be better prospects.

Let us make your lists, typewritten letters, addressing, etc.

We are perfectly reliable and will give you conscientious and faithful service.

Very truly yours,

Subject: MULTI-TYPEWRITING.

Dear Sir:-

If you wished to bring an important matter before a customer, you would not send him anything that looked like a circular--you'd write him a letter, wouldn't you?

You know it is not so everlastingly important what you say as how you say it.

Neither is it so everlastingly important whether it is a circular or a typewritten letter--it is what you cause your customer to think about it.

So it stands to reason that it is just as important to have the 100 thousand letters Multi-Typewritten as it is the 100 letters.

Both letters are intended to make impressions.

Perhaps you are unacquainted with Multi-Typewriting, which, in effect, is a typewritten letter. Let us furnish prices on your big runs, addressing, and lists.

This is Multi-Typewritten.

Very truly yours,

ZVR-G

THE VALUE OF ADVERTISING

Is governed by the quality of Designing, Printing and Engraving used.

* QUALITY DESIGNING

Means a distinction — not the same as everybody else has used, but something different.

* QUALITY ENGRAVING

Means sharpness of color and printing depth. We etch all our cuts with the new Acid Blast Process, which means top-notch quality. We are the first engravers in Iowa to install an acid-blasting machine (imported direct to us from Berlin, Germany).

* QUALITY PRINTING

Means superior quality at reasonable cost. We do complicated typesetting, color work, fine catalogs, and everything in good printing.

Star Engraving & Printing Company

BLACK LETTERS

Those names appearing in Black Letters in this Directory represent the energy and push of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in Black Letters are the people who accomplish the wonders in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city of Des Moines' magnitude. They are not drones and sponges who never support anything, and thereby gain by others' hard work and money. When you patronize those in Black Letters you patronize men and firms who will patronize you in the same broad manner in which you patronize them. :: ::

Spend Your Money Where it Will Come Back to You

WE TAKE this way of informing you that *Right Here in Des Moines* we are equipped to handle most of the duplicate pads that are commonly used in Grocery Stores and Meat Markets throughout the United States, at prices that you have been getting from eastern houses, and enabling the trade in Des Moines to keep at home the money they have heretofore sent into New York and Ohio.

We have in our establishment about thirty-five people, all living in Des Moines and drawing salaries that allow them to live well. We have also expended a great deal of money in perfecting our machinery to take care of this work and this money has been placed with Des Moines Machinery firms, hardly a dollar of it being sent away from home.

We believe under these conditions that we are entitled to Des Moines support.

BARE FACTS

in plumbing are that good work and good material are more essential in plumbing, heating and repair work than in most any other trade, as more harm can result to your health and your purse from defective and poor plumbing than from anything else in the home. You will get the best results possible when it is done by

HOUSE HEATING APPARATUS

for hot water, steam and air installed, over-hauled and repaired. We have exceptional facilities for doing this work in the very best manner. An early call on us will insure your heating plants being in complete working order before cold weather arrives.

BLACK LETTERS

Those names appearing in Black Letters in this Directory represent the energy and push of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in Black Letters are the people who accomplish the wonders in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city of Des Moines' magnitude. They are not drones and sponges who never support anything, and thereby gain by others' hard work and money. When you patronize those in

Black Letters you patronize men and firms who will patronize you in the same broad manner in which you patronize

them. :: ::

The foregoing are the names of the Officers of the Association, well known Business Men who are actively interested in its steady growth and prosperity.

This Association

The oldest of its kind in the world and the first to insure business men from accident, at actual cost.

Growth

Thirty Nine Million Dollars worth of New Insurance was written by this association in 1909. Over nine thousand business men from every state in the Union applied for membership.

The Need of Accident Insurance

Every business man needs Accident Insurance but his business judgment will not permit him to pay the exorbitant prices that are demanded by the stock companies which are run on a money making basis. The Interstate Business Men's Accident Association, by reducing the hazard to the minimum are able to furnish a \$5.000 policy for \$9.00 a year.

The Method

This Association is operated upon the same basis as the Great Commercial Travelers Organizations which have been in successful operation for the past thirty years.

The Cost

The cost of Accident Insurance in this Association has never exceeded nine dollars a year.

Who is Eligible to Membership

Any male, physically sound, member of the Caucasian race between the ages of twenty-one and fifty-five years, of good moral character and enjoying good general health, who is engaged in professional or mercantile pursuits, banking, or other occupation of the same general character and **NOT MORE HAZARDOUS** is eligible to membership in this Association.

Full Benefits and Indemnity for Accidental Injury. None Better.

\$25.00—Weekly Benefits for total Disability for 200 Weeks. **\$5,000**—Indemnity for Accidental Death. **\$5,000**—Loss of Both Hands or Both Feet. **\$5,000**—Loss of Sight in Both Eyes. **\$1,250**—Loss of one Hand or one Foot. **\$1,250**—Loss of Sight of one Eye.
